THEME: Governance 4.0: Connected, Security and Privacy

While a technology conference, ISACA CACS has a business focus, addressing the risk to the business which facing the accelerating impact of technology driven change. The conference is well respected as a valuable and enjoyable networking opportunity bringing together not only ISACA members but others in senior governance, risk and assurance positions who are seeking to understand issues and find solutions in the area of technology risk and assurance.

This year, ISACA has chosen Bangkok Chapter to host this annual conference for Asia-Pacific in Bangkok, under the name “Asia Pacific Computer Audit, Control and Security 2018” or ASIA Pacific CACS 2018. The event will take place on 20th - 21st September 2018 at Swissotel Le Concorde Hotel, Ratchadapisek Road.

The conference will cover topics such as Information System Audit & Assurance, IT Security & Cybersecurity, GRC and COBIT 5, Innovation and Emerging Technology, and Panel Discussion on General Data Protection Regulation (GDPR). We invite reputable, honorable speakers from all over the world to contribute their knowledges and experiences in this event. The event shall be conducted in English and the materials distributed in the event will be in English.

The theme of Asia Pacific CACS 2018 Conference is “Governance 4.0: Connected, Security and Privacy” reflecting the emerging significant governance issues concerning security and privacy in the connected digital business. The primary purpose of the ASIA Pacific CACS is to enable regional and international Information Systems researchers and practitioners to meet in an annual forum that maximizes the opportunity for the exchange of information and insights as well as for networking.

Our audience includes executives, management and professionals in Strategy /Governance, Risk Management, Security, Audit/Assurance, Compliance.
